how we don’t  
do enough to  
“educate” you**

femininity” crowd**

**Those of you  
that say “they/

pronouns**

**TERFs or  
“gender critical  
feminists” or  
whatever the fuck  
y’all rebrand to  
next.**

**Ru Paul**

**Those that respond  
“but who will ever  
love you” when we  
come out to you**

**Anyone who has  
ever outed a trans  
woman, by accident  
OR on purpose  
(either way fuck you)**

**Cis men that want  
the girl dick but only  
want you as their  
secret fuck toy**

# Huh? What now?!

This happens all the time while I'm at work

Hello, sorry... you are...?

Hi, my name is Clara.

Sorry, what is it? Can you tell me again?

It's CLARA.

Uhh.... Sorry, I'm not quite getting it.  
How do you spell that?

**This is a subtle thing cis people do when your name doesn't match their expectation of your gender. When this happens, you're about to get misgendered.... badly.**

# The eventuality...

(Continuing from the previous conversation)

Clara. C-L-A-R-A.

...Can you Speak up just a bit

CLARA!!! C-L-A-R-A!!!

These titties look like you got a dick!!!!

if thats what you mean...

[I got blocked by The Cis]

**Cis people enforce gender roles in the darndest ways!**

# I did my homework!

Well... Kind of...

Hey.  
Your profile says you're trans.

Hey! yeah, I am.

Oh, I'm not gay though...

Oh, uh... ok.  
I'm a woman though.

# Just the backside...

I was waiting for the bus when I heard a voice behind me:

'Ey girl you got a nice ass...

[I turn around to face him, not sure how to react.]

Uh.... Thanks!

Oh no....  
Bro, can you turn back around....

[I hesitate in confusion. I point to my self and he nods.]

[I do end up turning back around eventually...]

Yeah girl yeah....  
I'm about that ass...

Cis guys feel like anything they do is ok as long as they have plausible deniability in their sexuality. "Turn back around" in this case really just means, "I don't anyone thinking I'm gay!"

# Wow dude...

Wow, you have really nice eyes!

**[Turns to her friend]**

Doesn't he have really nice eyes?!

Oh it's "she" actually.  
My pronouns are "she."

Oh my bad...

Doesn't she have such pretty eyes for a dude?

**I suppose I should say close enough but, why are there so many cis people that feel that its ok to say things like "for a dude" after getting my pronouns right?**

# Same energy

Why are y'all like this?

Thank you so much for your help, sir!

Oh, it's ma'am actually.

Oops! Sorry about that brother!

**Seriously though this is the kind of shit that just makes me feel exhausted. Do y'all even think?**

(Sorry about your mom, kid)

You're trans?  
Wow just like my daughter!

Oh, your daughter is trans?  
That's awesome!

Yeah, he came out about a year about a year ago. My husband and I have been supportive.

Sorry, don't you mean she?

I think that I would know my own daughter  
**THANKYOUVERYMUCH!**

**Yes, she was white.**

# No tools in the shed

I wish this didn't happen but it really did happen.

What's your favorite color?

I really like blue.

Oh, it must be because you used to be a dude,  
I get that.

**By the way I was on a date with this dude. He was trying really hard to sleep with me. What do you think happened next?**

# He cut to the chase...

More dating shenanigans...

Hey so I saw your profile, and I'm cool with you being trans but I kinda have a personal question to ask, if that's ok?

Sure, what's up?

Do you still have a dick? It's ok if you do but, if you do... Can it still get hard? I heard hormones can prevent that from happening.

Uhh.... Why do you want to know?

Well it's my first time being with a trans girl and if we're gonna have sex, I wanna make sure her dick still works...

**Folks, I'm a bottom. My dick is just a massive clit now, Sorry.**

**(P.s. Cis girls can peg you too, most of them will love it if you ask, I PROMISE!!!)**

**(P.p.s. Damn y'all wanna get pegged THIS badly?!)**

**(P.p.p.s. Y'all thirsty as hell I swear to god...)**

# But my boyfriend...

**For context, both this person and I were polyamorous, but he relationship has a weird caveat...**

Oh gosh this date has been going so well, you're amazing, but... We can't do a second date... I'm sorry.

Oh no! Why not?

It's just that part of my being poly is that my boyfriend has to approve of my partners. He's a great guy he really is but he's... kinda... transphobic...

Wow, I have a lot of follow up questions, but this is the biggest one:  
Why go on a date with me then? I told you I was trans from the very beginning?

Hey, don't me mad at me, it's my boyfriend ok? He's NOT going to let me see you so that's that, ok? OK?!

**I was pretty salty but in hindsight, I'm worried for her. I didn't even mention how she forfeited her power of sexual consent to her boyfriend. But hey, that's tea for another time.**

# Why this happens...

(According to cis people)

**None of this happened you're lying!**  
You wish I were lying! You wish cis people were not this stupid... but they are!

**It's because you're ugly LOL!!!!!!11**  
**\*High fives the bros\***

I've fucked enough people in this town to know that plenty of y'all do in fact find me attractive. Don't talk shit about me just because your bros are around.

Matter fact, show us your search history. I BET I'll find trans porn in it.

**You just have to try harder to look like a girl. Girls wear make up, dresses, and things like that. Do you do that?**  
I could sit here and point out all of the things wrong with this, but my only real respond to you is: go say this (verbatim) to your mom and grandma and PLEASE let know how fast that gets your ass beat.

Also, Harry Benjamin is dead.  
We buried his standards of care with him. Let it go.

**They aren't bad people they just don't understand all this trans stuff. You have to be more accepting of people!**

Hard disagree. They ARE terrible people. Plenty of cis people have been capable of interacting with me in respectful and mindful ways.

The folks in this book could have chosen a different path, but simply didn't. They could have apologized, but simply didn't. Plus, I'm tired of always being asked to give people

who don't care about me the benefit of the doubt after they have been unapologetically rude to me.

**You can't blame cis men and lesbians just because they don't like dick. That's on you not on them.**

I PROMISE you, they DO like dick!  
I know because so many of them DM me and ask me for it. But ok, I'll humor you:

Maybe there are people who just don't like dick, but you know what? They don't DM me, they don't ask me about my dick, they don't obsess about my dick and they have their own perfectly healthy and respectable lives off of my dick.

**It's because you trans bitches be lying and you don't tell people up front if you are trans. Not everyone fucks with that gay shit.**

First of all fuck you! Acting like women both cis and trans aren't the victim of harassment and abuse if we say no or otherwise do anything to offend the fragile male ego.

But also, do realize that it's a damned if I do damned if I don't situation.

If I do say something upfront I get harassed and fetishized with a dash of anger and a pinch of needing to maybe fear for my life.

If I say something after having gotten to know the person for a while and gaining their trust, do you what happens? The exact. Same. Thing!

# Closing thoughts

**If you're cis, genuinely respect trans people and don't do the kind of shit described in this book:**

Then I'm obviously not talking about you, don't be a dumbass!

**If you're cis and you have been represented in this book:**

You know who you are,  
Stop being a dumbass!

**If you're trans:**

I might fuck around and make a second edition Maaaaaaaybe. If you wanna submit moments of wild cis mental gymnastics that you've experienced, hit me up.

All trans people are welcome not just trans women.

**If you're a cis man thirsty for pegging:**  
Don't ask me, ask your cis girlfriend.

And let me watch.... HAHAA JK!!!  
Unless.....

**For those of you thinking, "wow you didn't need to be so hostile about it!"**  
Fuck you, don't tell me how to be.

**For the cis people thinking, "LOL I bet it's just men or just white people doing this, right?"**

NOPE! Y'all ALL do this! Straight, gay, black, latinx, white, Asian, men, women, etc. The examples featured here were kept anonymous but they were not just from white men, there were some people of color and women too. The only thing the people represented had in common is that they were cis.

That being said: Yes the biggest offenders do tend to be white men.

**Also, I want to call attention to the fact that trans men and genderqueer folks aren't represented here.**

**This book super heavily leans on the trans woman perspective because I was drawing from my personal experience.**
